To whom it may concern:

I am pleased to write a letter describing my wonderful experience with my Broker, Kosta Sebok.

I just went into escrow on a house in Lake Stevens with a beautiful view of the lake.

Kosta helped me fine tune my home requirements while responding within minutes to my many, many emails.

As I sent over listings, Kosta would respond with the data, issues, or interests with the property.

Kosta was extremely helpful and responsive.

I ended up purchasing a new construction and his deep experience as a general contractor was extremely helpful in making decisions on the property, and understanding the quality of the construction so I could feel comfortable with the decision to purchase.

He developed a great working relationship with the seller and acted on my behalf. I felt like he was concerned and really cared for my needs and helped me to get the exact home I wanted!

I would highly recommend Kosta to my friends, family and colleagues.
