Dear Sir or Madam,

Over the past nine months I have worked extensively with Kosta Sebok on projects ranging from filming roundtable panel discussions involving top U.S. law firms to editing and reformatting a law seminar filmed in China. After collaborating with Kosta on these projects, I've discovered two indisputable truths, Mr. Sebok is a perfectionist who tackles each project with enthusiasm and vigor and he's extremely passionate about his work.

His attention to detail proved particularly useful in organizing the logistics for the various legal seminars, located around the country, that Pro2Net sent Kosta to film. His responsibilities included hiring and managing a crew, preparing the conference room for filming, working with conference organizers, and informing panelists that they would appear on the Pro2Net site and having them sign release forms. After filming, Kosta edits, reformats, prepares introductions and conclusions, and works closely with technology, production, editorial, and business development to ensure smooth and timely implementation. He juggles these tasks with a performer's ease.

Though I write this letter with trepidation knowing that perhaps Kosta is considering another position, I'd be remiss if I didn't candidly express what an invaluable asset Kosta has been to Pro2Net. I highly recommend Kosta Sebok. Please feel free to contact me with any additional questions.

Best Regards,
