RE: Constantine Sebok (Kosta), Audio Engineer for Ambient Sound Works

Dear Mr. Smith:

Please accept this letter of commendation on behalf of Constantine Sebok (Kosta) with respect to the highly professional and expert assistance provided to the Infectious Diseases Society of America at the time of its symposium entitled: "The Potential Etiologic Role of *Chlamydia pneumoniae* and Atherosclerosis". The meeting was held at the Four Seasons Hotel on September 22-25.

Not only did Costa ensure the operation of a variety of electronic devices, he monitored each slide to ensure optimal perception by the audience. Most impressive was his anticipation of our needs. I didn't have to think about how to improve the situation. By the time it entered my mind, Constantine had already anticipated my thought and implemented the appropriate action. He's a true professional. You should be proud of his work effort.

Sincerely yours,

David Gilbert, MD
Chair, Chlamydia Symposium
